

FREEDOM OF INFORMATION POLICY & PUBLICATION SCHEME

Silverwood School is committed to openness, transparency and accountability. This Freedom of Information Publication Scheme has been developed in accordance with the model publication scheme issued by the Information Commissioner's Office (ICO) under the Freedom of Information Act 2000.

The scheme sets out the information routinely published by the school, how it can be accessed, and whether any charges may apply. We aim to ensure that information is clear, accessible and available in a timely manner to parents, carers, pupils, staff, governors and members of the wider community.

Requests for information not routinely published may be made in accordance with the school's Freedom of Information procedures.

Silverwood School is also committed to equality of opportunity and ensuring that information is accessible to all members of the community. We have considered the impact of this policy in line with the Public Sector Equality Duty (PSED), including the need to eliminate discrimination, advance equality of opportunity and foster good relations.

1. Purpose:

Silverwood School is committed to the Freedom of Information Act 2000 (**FoIA**) which came into force on 1 January 2005. The school is committed to the principles of accountability and the general right of access to information, subject to legal exemptions.

The purpose of this policy is describing the school's framework for managing FOI requests.

Under the FoIA, any person has a legal right to ask for access to information held by the school. They are entitled to be told whether the school holds the information, and to receive a copy, subject to certain exemptions.

The information that the school routinely makes available to the public includes information available on the school's web site. Requests for other information are dealt with in accordance with statutory guidance. While the Act assumes openness, it recognises that certain information is sensitive. There are exemptions to protect this information.

The Act is fully retrospective, so that any past records which the school holds are covered by the Act. Silverwood School has a Retention Schedule based on the schedule recommended by its professional Data Protection Officer, which guides the school as to how long it should keep records.

It is an offence to willfully conceal, damage, or destroy information in order to avoid responding to an enquiry, so it is important that no records that are the subject of an enquiry are amended or destroyed.

Requests under the Act can be addressed to anyone employed by the school. However, all responses are to be cleared with the Executive Headteacher prior to dispatch.

Staff need to be aware of the process for dealing with requests. Requests must be made in writing, (which can include email), and should include the enquirers name and correspondence address, and state what information they require. They do not have to mention the Act, nor do they have to say why they want the information. There is a duty to respond to all requests, telling the enquirer whether or not the information is held, and supplying any information that is held, except where exemptions apply. There is no need to collect data in specific response to an enquiry. There is a time limit of 20 days excluding school holidays for responding to the request.

2. Scope:

The Executive Headteacher is responsible for ensuring compliance with school Policies and Procedures. This policy follows guidance about responding to FoIA requests from the Information Commissioner's Office (ICO) and especially the [Definition document for the governing bodies of maintained and other state-funded schools in England](#). This policy applies to all school staff.

Requests for personal data are still covered by the Data Protection Act (DPA) 2018. The DPA 2018 and the UK GDPR control how your personal information is used by organisations, businesses, or the government. Individuals can request to see what information the school holds about them. This is known as a Subject Access Request (SAR), and must be dealt with accordingly. How to make a SAR is documented at the School's [Data Protection Policy](#)

Requests for information about anything relating to the environment – such as air, water, land, the natural world or the built environment and any factor or measure affecting these – are covered by the Environmental Information Regulations (**EIR**). Requests under EIR are dealt with in the same way as those under FoIA, but they do not need to be written and can be verbal.

3. Procedure:

4.1 Obligations and Duties: The school and its governing body recognises the duty to provide advice and assistance to anyone requesting information. We will respond to straightforward verbal requests for information and will help enquirers to put more complex verbal requests into writing so that they can be handled under the Act. The school and its governing body recognises the duty to tell enquirers whether or not we hold the information they are requesting (the duty to confirm or deny), and provide access to the information we hold in accordance with the procedures laid down.

4.2 Publication Scheme: Silverwood School will create a Publication Scheme derived from the Model Publication Scheme for Schools approved by the ICO.

The Publication Scheme and the materials it covers will be readily available from each of the school's campuses' main office and from the Silverwood School website.

4.3 Dealing with Requests: We will respond to all requests in accordance with the procedures. We will ensure that all staff are aware of the procedures.

4.4 Exemptions

Certain information is subject to either absolute or qualified exemptions under the Freedom of Information Act 2000. Where a qualified exemption applies, the school will carry out a Public Interest Test to determine whether the public interest in withholding the information outweighs the public interest in disclosure. We will maintain a register of requests where information has been refused, including the reason for refusal. The register will be retained for five years from the date of the request.

4.5 Public Interest Test

When applying a qualified exemption, the school will consider all relevant circumstances and balance the public interest in disclosure against the public interest in withholding the information, in line with guidance issued by the Information Commissioner's Office (ICO).

4.6 Charging: We reserve the right to refuse to supply information where the cost of doing so exceeds the statutory maximum, currently £450.

The school and its governing body reserve the right to charge a fee for complying with requests for information under FoIA. The fees are calculated according to FoIA regulations, and the person notified of the charge before the information is supplied. Appendix One at the end of the document relates to charging.

4.7 Responsibilities: The school's governing body has delegated the day-to-day responsibility for compliance with the FoIA to the executive headteacher. A member of staff at Rowde campus will be nominated to co-ordinate enquiries and to be a point of reference for advice and training.

4.8 Complaints: Any comments or complaints will be dealt with through the school's normal complaints procedure. If, on investigation, the school's original decision is upheld, then the school has a duty to inform the complainant of their right to appeal to the ICO.

Appeals should be made in writing to the ICO at:

Silverwood School - Freedom of Information Act - Publication Scheme

1. Introduction

This publication scheme is based on the generic model, prepared and approved by the ICO at [Definition document for the governing bodies of maintained and other state-funded schools in England](#)

This publication scheme commits Silverwood School to make information available to the public as part of its normal business activities. The information covered is included in the classes of information mentioned below, where this information is held by the school. Additional assistance is provided to the definition of these classes in sector specific guidance manuals issued by the Information Commissioner.

The scheme commits Silverwood School:

- To proactively publish or otherwise make available as a matter of routine, information, including environmental information, which is held by the school and falls within the classifications below.
- To specify the information which is held by the school and falls within the classifications below.
- To proactively publish or otherwise make available as a matter of routine, information in line with the statements contained within this scheme.
- To produce and publish the methods by which the specific information is made routinely available so that it can be easily identified and accessed by members of the public.
- To review and update on a regular basis the information the school makes available under this scheme.
- To produce a schedule of any fees charged for access to information which is made proactively available.
- To make this publication scheme available to the public.

2. Classes of Information

Who we are and what we do

Organisational information, locations and contacts, constitutional and legal governance.

What we spend and how we spend it

Financial information relating to projected and actual income and expenditure, tendering, procurement and contracts.

What our priorities are and how we are doing

Strategy and performance information, plans, assessments, inspections and reviews.

How we make decisions

Policy proposals and decisions. Decision making processes, internal criteria and procedures, consultations.

Our policies and procedures

Current written protocols for delivering our functions and responsibilities.

Lists and Registers

Information held in registers required by law and other lists and registers relating to the functions of the school.

The Services we Offer

Advice and guidance, booklets and leaflets, transactions and media releases. A description of the services offered.

The classes of information will not generally include:

- Information the disclosure of which is prevented by law, or exempt under the Freedom of Information Act, or is otherwise properly considered to be protected from disclosure.
- Information in draft form.
- Information that is no longer readily available as it is contained in files that have been placed in archive storage, or is difficult to access for similar reasons.

3. The method by which information published under this scheme will be made available

The school will indicate clearly to the public what information is covered by this scheme and how it can be obtained.

Where it is within the capability of the school, information will be provided on a website. Where it is impracticable to make information available on a website or when an individual does not wish to access the information by the website, the school will indicate how information can be obtained by other means and provide it by those means.

In exceptional circumstances some information may be available only by viewing in person. Where this manner is specified, contact details will be provided. An appointment to view the information will be arranged within a reasonable timescale.

Information will be provided in the language in which it is held or in such other language that is legally required. Where the school is legally required to translate any information, it will do so.

Obligations under disability and discrimination legislation and any other legislation to provide information in other forms and formats will be adhered to when providing information in accordance with this scheme.

4. Charges which may be made for Information published under this scheme

The purpose of this scheme is to make the maximum amount of information readily available at minimum inconvenience and cost to the public. Charges made by the school for routinely published material will be justified and transparent and kept to a minimum.

Material which is published and accessed on a website will be provided free of charge.

Charges may be made for information subject to a charging regime specified by Parliament.

Charges may be made for actual disbursements incurred such as:

- photocopying
- postage and packaging
- the costs directly incurred as a result of viewing information

Charges may also be made for information provided under this scheme where they are legally authorised, they are in all the circumstances, including the general principles of the right of access to information held by public authorities, justified and are in accordance with a published schedule or schedules of fees which is readily available to the public.

If a charge is to be made, confirmation of the payment due will be given before the information is provided. Payment may be requested prior to provision of the information.

5. Written Requests

Information held by the school that is not published under this scheme can be requested in writing, when its provision will be considered in accordance with the provisions of the Freedom of Information Act.

6. The method by which information published under this scheme will be made available

Silverwood School has complied with this model publication scheme by following the suggested table below produced by the ICO (Version 4 dated 29 October 2021¹), which identifies the information which meets the requirements of the Information Commissioner.
